Re: Claims for Damages – 2011 Las Conchas Fire

Dear Mr. Tosdal:

We have reviewed your clients' claims against the government for property damage resulting from the 2011 Las Conchas Fire that occurred on the Santa Fe National Forest.

As stated in our letter dated September 23, 2013, claims asserting negligence on the part of the government fall under the Federal Tort Claims Act (FTCA), a law authorizing the government to compensate private citizens for personal injuries and property damage. The Act authorizes federal agencies to pay private citizens for these types of damages, if, the damages were caused by the negligence of federal employees while carrying out their government duties.

As an agency, the Forest Service does not have the authority to settle tort claims and is required to refer them to the U.S. Department of Agriculture, Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, evidence to support each claim is required. The documentary evidence submitted must be in accordance with the provisions of 28 C.F.R. Part 14.

Please be advised the OGC may not make a final determination in this case until documentary evidence supporting each claim is received. Please send the documentation for each claim to the attention of Loredia Brooks at the address indicated on the letterhead. Once we have received and reviewed the documentation for each claim, the claims will be sent to the OGC for determination.

When the OGC attorney assigned to the claims ultimately determines what, if any, liability the Forest Service has in this case, he or she will issue either denial letters or offers of settlement. If the recommended settlements exceed \$100,000.00, the Department of Justice must approve the settlements before payments are made.

Should you have further questions regarding these claims, contact Loredia Brooks at (505) 563-7192 or via email at lb Brooks01@fs.fed.us.

Sincerely,

A. LISA LUX

Re: Your Clients:

Dear Ms. Simmons:

This letter acknowledges receipt of the claims submitted on behalf of your clients for personal injuries sustained during a motor vehicle accident while traveling *"into the national forest and beyond to the land grant known as Nuestra Senora del Rosario, San Fernando y Santiago Grant."*

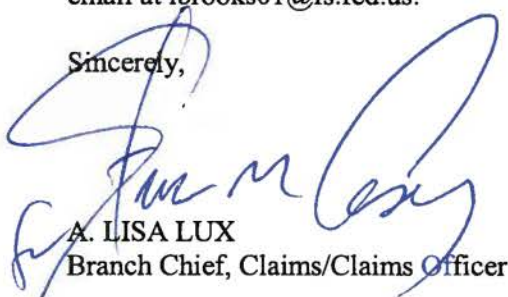

Claims asserting negligence on the part of the government fall under the Federal Tort Claims Act (FTCA), a law authorizing the government to compensate private citizens for personal injuries and property damage. The Act authorizes federal agencies to pay private citizens for these types of damages, if, the damages were caused by the negligence of federal employees while carrying out their government duties.

As an agency, the Forest Service does not have the authority to settle tort claims and is required to refer them to the U.S. Department of Agriculture, Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, evidence to support the claim, including documentation, signed by your clients, designating your firm as their legal representative is required. The documentary evidence submitted must be in accordance with the provisions of 28 C.F.R. Part 14. Please send this documentation to the address indicated on the letterhead, ATTN: Loredia Brooks.

Once we have received and reviewed the documentation, the claims will be sent to the OGC for determination. When the OGC attorney assigned to the claims ultimately determines what, if any, liability the Forest Service has in these claims, he or she will issue either denial letters or offers of settlement. As an agency, the Forest Service does not have the authority to settle tort claims and is required to refer them to the U.S. Department of Agriculture, Office of the General Counsel (OGC) for determination.

Our office is currently reviewing the claims; gathering agency regulations, policy, and procedure applicable to the incident; documenting the agency's actions in the matter; and formulating a recommendation for the OGC.

During our initial review of the claims, we were unable to locate documentation, signed by your clients, designating your firm as their legal representative. Please send this documentation to the address indicated on the letterhead. Once we have received this information, we will continue our review of the claims.

Should you have further questions regarding this claim, contact Loredia Brooks at (505) 563-7192 or via email at lbrooks01@fs.fed.us.

(b)(6) Re: Your Clients:

Dear Ms. Simmons:

We have reviewed the additional documentation submitted on behalf of your clients for personal injuries sustained in a motor vehicle accident on July 21, 2012.

Please submit the following information so that we can complete our review of the claims:

1. Documentation identifying the exact location of the accident. Neither the additional information, nor the SF-95, Claim for Damage, Injury, or Death, provide this information. Without the exact location, we are unable to complete our investigation of whether the incident occurred on a National Forest road.
2. Any other evidence or information which may have a bearing on the responsibility of the agency for the personal injuries or the damages claimed.

Please send this information to the address indicated on the letterhead, ATTN: Loredia Brooks.

Should you have further questions regarding this claim, contact Loredia Brooks at (505) 563-7192.

Dear

This letter acknowledges receipt of your claim for property damage relating to the 2014 Diego Fire that occurred on the Santa Fe National Forest.

Claims asserting negligence on the part of the government fall under the Federal Tort Claims Act (FTCA), a law authorizing the government to compensate private citizens for personal injuries and property damage. The Act authorizes federal agencies to pay private citizens for these types of damages, if, the damages were caused by the negligence of federal employees while carrying out their government duties.

As an agency, the Forest Service (FS) does not have the authority to settle tort claims and is required to refer them to the U.S. Department of Agriculture, Office of the General Counsel (OGC) for determination. However, before we can do so in this case, evidence to support the claim, including documentation that you owned the property is required. The documentary evidence submitted must be in accordance with the provisions of 28 C.F.R. Part 14. Please send this documentation to the address indicated on the letterhead, ATTN: Loredia Brooks

Departmental policy requires that all claims arising from a single occurrence be held in abeyance until the full extent of the claims is known before adjudicating. The FS anticipates receipt of more claims prior to the expiration of the two-year statute of limitation under FTCA.

Once we have received and reviewed all the claims associated with the Diego Fire; gathered agency regulations, policy, and procedure applicable to the incident; and documented the agency's actions in the matter; we will submit the claims to OGC for determination.

When the OGC attorney assigned to the claims ultimately determines what, if any liability the FS has in the claims, he or she will issue either denial letters or offers of settlement. If the recommended settlements exceed \$100,000.00, the Department of Justice must approve the settlements before payment is made.

We hope this information is helpful to you. Should you have further questions regarding this claim, contact Loredia Brooks at (505) 563-7192 or via email at lbloods01@fs.fed.us.

Sincerely,

A. LISA LUX

CERTIFIED MAIL - RRR

(b)(6)

Subject: Claim for Personal Injury, August 13, 2013, Southwestern Region, Santa Fe National Forest

(b)(6)

Dear [redacted]

I have reviewed your claim in the amount of \$95.20 for personal injury. You claim a cinder block fell from a parapet on your foot while waiting outside of a lavatory in the Windsor Trailhead of the Santa Fe Ski Basin.

I am sorry you injured your foot while you were visiting the Santa Fe Ski Basin. Unfortunately, I must deny your claim. There is no evidence that indicates the negligence of a Forest Service employee caused your injury. Additionally, you did not pay a fee associated with the use of the area where your injury occurred. The New Mexico Recreational Use Statute applies as follows:

§ 17-4-7. Liability of landowner permitting persons to hunt, fish or use lands for recreation; duty of care; exceptions

A. Any owner, lessee or person in control of lands who, without charge or other consideration, other than a consideration paid to said landowner by the state, the federal government or any other governmental agency, grants permission to any person or group to use his lands for the purpose of hunting, fishing, trapping, camping, hiking, sightseeing or any other recreational use does not thereby:

- (1) extend any assurance that the premises are safe for each purpose; or
- (2) assume any duty of care to keep such lands safe for entry or use; or
- (3) assume responsibility or liability for any injury or damage to, or caused by, such person or group;
- (4) assume any greater responsibility, duty of care or liability to such person or group, than if such permission had not been granted and such person or group were trespassers.

The Federal Tort Claims Act (28 U.S.C. § 2871 et seq.) only provides a remedy to those who suffer personal injury or property damage as a result of a negligent or wrongful act of an employee of the United States. As you have not presented any evidence of negligence or wrongdoing by a government employee, regretfully, I cannot allow your claim.

If you believe this decision is incorrect, you are entitled to address a written request to me for reconsideration of the final denial of this claim. This request must include new information not known to you at the time you filed your original claim. In the alternative, you may file suit in the appropriate Federal District Court not later than six months from the date of this letter, which is the date shown above.

Sincerely,

Patricia Leigh Disert
Attorney

Date: DEC 03 2013

(b)(6) Subject: Tort - [redacted] Personal Injury; \$95.20; August 13, 2013;
Southwestern Region, Santa Fe National Forest, New Mexico

To: Kenneth D. Paur, Deputy Regional Attorney
USDA - Office of the General Counsel

Enclosed is a tort claim in the amount of \$95.20, filed by [redacted] for personal injury sustained on August 13, 2013, when a brick fell onto her foot from a parapet surrounding a lavatory located at a wilderness trailhead parking lot in the Santa Fe National Forest, New Mexico. The Albuquerque Service Center received the duly filed claim on November 7, 2013. (b)(6)

(b)(6) **BASIS OF CLAIM:** [redacted] alleges that she suffered a personal injury when a cinder block fell from a parapet onto her foot while waiting outside of a lavatory at the Santa Fe Ski Basin parking lot. [redacted] presented a receipt of payment totaling \$95.20 for x-rays of her foot. She filed a claim with her health insurance company and the \$95.20 represents her financial responsibility.

(b)(6) **STATEMENT OF FACTS:** According to [redacted] on August 13, 2013, she was waiting outside of a lavatory located at the Windsor trailhead in the Santa Fe Ski Basin parking lot. While waiting, a loose cinder block fell from a parapet¹ surrounding the bathroom, onto her foot. (b)(6) [redacted] claims that she felt immediate, severe, pain and suspected that her foot had been broken. Not being able to bear weight on her swollen foot, she had it x-rayed. [redacted] also reports that two Espanola Ranger District employees were cleaning the bathrooms at the time and witnessed the incident. She did not obtain either of their names. (b)(6)

FS employee and Recreation Wilderness Program Manager, (b)(6) [redacted] provided a "Notification of Incident Potential Claim Against the Government" form dated August 14, 2013. She summarizes the incident as a "One person accident while standing on the ground". According to (b)(6) [redacted] on the morning of August 13, 2013, [redacted] was waiting outside of the vault toilet located at the Windsor Trailhead of the Santa Fe Ski Basin. While waiting, she rested her foot on a 6 inch brick siding that surrounded a cement pad located outside of the toilet. The brick where she placed her foot was missing a cap that had previously broken off. Assumedly, the weight of her foot broke the mortar seal on the brick, the brick came loose and then flipped over onto her foot. (b)(6) [redacted] believed that her foot had been broken. During a phone conversation with (b)(6) [redacted] on August 13, she reported to (b)(6) [redacted] that she had x-rays of her foot taken immediately after the incident. She still hadn't received the results at the time of the phone conversation. (b)(6)

¹ A parapet is a low, protective wall along the edge of a raised structure or at the edge of a platform.

(b)(6) In addition, FS employee, [redacted] was present at the time of the incident and provided a
(b)(6) written statement as to what occurred. According to [redacted], he and FS employee, [redacted]
(b)(6) [redacted] were servicing the facilities at the ski basin when [redacted] approached to use the
bathroom. The bathrooms were occupied at the time so she waited outside. [redacted] was
(b)(6) carrying out his duties when he noticed [redacted] removing a cement cap from her foot. She
(b)(6) mentioned to [redacted] that she thought she had broken her foot. She also said that she was
familiar with the pain as she had broken her foot previously. [redacted] then states that the
claimant used the facilities, walked to her vehicle and then back to the area where she had been
injured. The claimant sat down and removed her shoe to check her foot. According to Mr.
(b)(6) [redacted] her foot looked normal. The claimant then walked back to her car, drove over to the
(b)(6) facilities and began requesting phone numbers from [redacted] in order to report the incident.
(b)(6) [redacted] also provided a re-enactment of the incident with a series of photos. No other injuries
were reported.

FOREST SERVICE RECOMMENDATION: We believe this claim is cognizable under the Federal Tort Claims Act (FTCA) (28 U.S.C. 1346, 2401, and 2671-2680), and request your review and determination.

According to Anne Apodaca, Acting Forest Recreation staff of the Santa Fe National Forest, the Santa Fe Ski Basin operates under a special use permit. The area surrounding the ski basin, where the incident occurred, is only anecdotally referred to as the "ski basin" and does not, in fact, operate under the special use permit, making this claim admissible under the FTCA.

Furthermore, New Mexico Recreational Use Statute states:

"A. Any owner, lessee or person in control of lands who, without charge or other consideration, other than a consideration paid to said landowner by the state, the federal government or any other governmental agency, grants permission to any person or group to use his lands for the purpose of hunting, fishing, trapping, camping, hiking, sightseeing or any other recreational use does not thereby:

- (1) extend any assurance that the premises are safe for each purpose; or
- (2) assume any duty of care to keep such lands safe for entry or use; or
- (3) assume responsibility or liability for any injury or damage to, or caused by, such person or group;

(b)(6) [redacted] did not pay a fee associated with the use of the area where the injury occurred. Therefore, New Mexico Recreational Use Statute applies. In addition, the facts and circumstances related to this incident indicate no identifiable act of negligence on the part of the Forest Service or any of its employees. As a result, we recommend that this claim be denied.

We don't anticipate any other claims relative to this incident.

Please call Marilyn McKnight at (505) 563-7582 or email mamcknight@fs.fed.us if you have questions relative to this claim.

| <p>SUMMARY: Claimant phoned requesting status of her claim. I told her that it had been forwarded to OGC. She asked what that was; I explained. She asked how she can contact the OGC. I told her that the OGC will contact her promptly when they have made a determination. She asked about our process and who the claim goes to in our office. She asked if I made a determination before I sent it to the OGC. She asked how long the process would take. I told her that a determination would not be made before the end of the year; possibly within a few months. She kept asking how she can get in contact with the OGC. I continued to repeat that we are not authorized give her that information. She asked why. I told her that it was FS policy. She wanted to know who made that policy. I placed her on hold to consult with Pat Gurule. Claimant hung up.</p> | | | |

INSTRUCTIONS

Claims presented under Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involved more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXCERPT STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY.

Failure to completely execute this form to supply the requested material within two years from the date the claim occurred may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in Item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory for the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in Item #12 of the form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

- (a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attending, attendant bills, for medical, hospital, or burial expenses actually incurred.
- (b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.
- (c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damage, or by two or more competitive bidders, and should be certified as being just and correct.
- (d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

CHAPTER 17: GAME AND FISH

ARTICLE 4: PROPAGATION OF FISH AND GAME

§ 17-4-7. Liability of landowner permitting persons to hunt, fish or use lands for recreation; duty of care; exceptions

A. Any owner, lessee or person in control of lands who, without charge or other consideration, other than a consideration paid to said landowner by the state, the federal government or any other governmental agency, grants permission to any person or group to use his lands for the purpose of hunting, fishing, trapping, camping, hiking, sightseeing or any other recreational use does not thereby:

- (1) extend any assurance that the premises are safe for each purpose; or
- (2) assume any duty of care to keep such lands safe for entry or use; or
- (3) assume responsibility or liability for any injury or damage to, or caused by, such person or group;
- (4) assume any greater responsibility, duty of care or liability to such person or group, than if such permission had not been granted and such person or group were trespassers.

B. This section shall not limit the liability of any landowner, lessee or person in control of lands which may otherwise exist by law for injuries to any person granted permission to hunt, fish, trap, camp, hike, sightsee or use the land for recreation in exchange for a consideration, other than a consideration paid to said landowner by the state, the federal government or any other governmental agency.

8. Detailed Description of Incident *(When, Where, Why, and How. Please attach additional sheets if needed)*

The morning of Tuesday, August 13, 2013, [redacted] was waiting outside of the vault toilet located at the Winsor Trailhead at the Santa Fe Ski Basin. She placed her foot on the approximately 6 inch brick siding that surrounds the cement pad outside of the toilet. The location where she placed her foot was on a brick that did not have a cap. That cap broke off some time ago. The weight of her foot broke the mortar seal on the brick and it came loose and flipped over onto her foot. She believed that the impact broke her foot. She reported, during a phone conversation on the afternoon of August 13, that she had x-rays taken immediately after the incident. She did not have the results at the time of the phone call to her home on August 13 in the afternoon.

ON August 13 approx. 10:30 Am as I was performing my duties servicing the facilities at ski basin with co worker (b)(6) [redacted], a woman walked down from parking lot to use facilities, both were in use at the time so she waited awhile as I was getting equipment ready to clean I saw her bend over to move black cap off her foot. She then told me she thinks she broke her foot, she said she had fractured her foot before so she knew the pain. She then went to use facilities came but walked back to car then came back sat down and took off her shoe, checked foot it looked normal. Then she walked back to car drove down to facilities called me over and started asking me for numbers to call to make a Report and left

(b)(6) I was assigned the above claim involving a [redacted] who sustained an injury when a brick fell on her foot outside of the Santa Fe Ski Basin parking lot bathrooms. I'm certain you both remember since you both completed and signed off on the "Notification of Incident....Potential Claim..." form. Can one of you forward me a photo of the brick or area of the parapet that's the culprit? Maybe a photo of the parapet surrounding the bathroom, as well. I will need it in order to forward my determination to the OGC. Thanks.

Hi,

I also need some clarification a few other things. The claimant states that a "cinder block" "fell" onto her foot from a parapet surrounding the bathroom. According to the Notification...Potential Claim..form that you both completed, a "6 inch brick siding" "fell" onto her foot. Lastly, an employee at the Espanola Ranger Station made a comment that the claimant "kicked" the brick or block.

With this, was it a brick or a cinder block that caused the injury? Also, siding was mentioned. If siding, what do you mean by siding and was it 6 inches high or was the brick 6 inches high? We are just trying to get an accurate picture. Again, if anyone can provide us with a photo of the parapet/wall or area where the injury occurred, it would be helpful.

Also, does anyone know if the claimant kicked the brick/block or did it actually fall onto her foot.

Thanks and have a great Thanksgiving.

Just because it is in close proximity and generally the entire area up there is referred to as the "Ski Basin, but this trailhead is not associated with the actual permit. It is a Wilderness Trailhead and associated with that and Aspen Basin Campground which is also in the area. It is confusing, but the Ski Area does not have anything to do with the campground, the toilet or the trailhead.

Marilyn,
The Santa Fe Ski Area is under permit, but if this is the claim I am thinking it is, it did not happen at the Ski Area, but at a trailhead that is associated with the Ski Area parking lot which would not be under the permit. Is it the woman who kicked a brick making it fall on her foot? If not, I will get you a copy of the permit, but I think this one is on us. Also, can you tell me how much the claim is for? Tyanks.

How is it going? I'll bet your glad to be back. I really enjoyed my detail up there; you work in a great place. I'm emailing you because I was assigned the above tort claim involving a personal injury that occurred at the Santa Fe Ski resort and you are the UCL for the claim. Can you tell me if that resort is under a "Concessionaire" or under a "Special Use Permit". If under a special use permit, can you please forward me a copy of the permit? I'll need all of this information in order to process the tort. Thanks.

Since you are the UCL for this claim I want to provide you with this information. I discussed the incident, at length, with Anne. I am going to recommend denial of the claim. Under NM Recreational Use Statute we are not required to keep the grounds safe and there was no negligence on the part of the FS. However, the OGC will provide the final adjudication on the claim. OK. I am going to recommend denial of the claim. Under the Use statute we are not required to keep the grounds safe and there was no negligence on the part of the FS. Thanks for all of your help.

It's unlikely, yes, but since you mentioned the campground, we are required to ask. Whenever a fee is charged to enter a recreational area, and the area can include trailheads, paths, lavatories, etc., we are not required to cite the state's recreational use, otherwise, we cite statute when providing our determination to the OGC.

Is there a fee to enter that area where the bathrooms were?

Also, the amount the individual is claiming is 95.20 for x-rays. We have not received anything indicating that she received follow up treatment.

See 15 above for property and casualty.

INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

Attachment One to Federal Tort Claim

On June 26, 2011, a visibly diseased and dying aspen tree about 60 feet in height fell from private land onto high power electrical lines located in a right of way through the Santa Fe National Forest. The energized lines broke under the force of the falling tree and fell to the ground, igniting the surface vegetation and causing the Las Conchas Fire. This high severity fire burned approximately 156,000 acres of public and private land and took five weeks to extinguish.

The right of way through the forest was granted in 1995 by the U.S. Department of Agriculture, United States Forest Service (USDA/USFS) to the Jemez Mountains Electric Cooperative, Inc. (JMEC). Then, and at the time of the fire, the trees in the forest adjacent to the right of way were sixty or more feet high. Contact between falling trees and limbs and energized overhead wires was then and is now a well known cause of fire. According to sworn discovery responses by JMEC in a state action about the Las Conchas Fire, the USDA/USFS nonetheless determined and limited the right of way to an inadequate total width of 20 feet, leaving only ten feet separating power poles in the very center of the right of way from the much taller trees adjacent to and near the right of way. Further, the USDA/USFS' permit specified vegetation management standards which were too limited and inappropriate for the circumstances.

By doing these acts and omissions the USDA/USFS committed the torts of negligence, negligence per se, trespass, and nuisance. These acts and omissions of the USDA/USFS also violated 7 C.F.R. section 1728.20(a), applicable Rural Utilities Service (REA) specifications and drawings, and paragraph D18 of the subject permit and its underlying authority, which require the clearing width to be "that necessary for safe transmission."

RECEIVED

JUN 13 2013

Claims Management

Together with the acts and omissions of JMEC and others, these acts and omissions by the USDA/USFS were one cause, but not all causes, of the harm suffered by claimant. The harm suffered by claimant includes but is not limited to destruction and damage to real and personal property, tree and timber loss, erosion and flooding damage, habitat and environmental loss, and other related loss.

After the Las Conchas Fire was extinguished or burned out, the USDA/USFS engaged in the activities of seeding, mulching, and other activities to prevent flooding and erosion of some national forest land. However, the USDA/USFS unreasonably failed to engage in such activities and/or unreasonably engaged in inadequate and untimely efforts in national forest watersheds above the claimant's land, with the direct, natural, probable, likely and foreseeable result of periodic severe flooding and erosion of claimant's land, causing permanent damage to claimant's land.

By doing these acts and omissions the USDA/USFS committed the torts of negligence, negligence per se, trespass and nuisance. Alternatively, these acts and omissions constituted a taking of claimant's land in violation of the Fifth Amendment to the Constitution of the United States.

Together with the acts and omissions of JMEC and others, the acts and omissions by the USDA/USFS were one cause, but not all causes, of the harm suffered by claimant. The harm suffered by claimant includes but is not limited to destruction and damage to real and personal property, tree and timber loss, erosion and flooding damage, habitat and environmental loss, and other related loss.

File Code: 6570

Date: JUL 31 2013

Route To:

(b)(6) Subject: Tort - [redacted]; Property Damage; \$4,171.71; April 25, 2013;  
Southwestern Region, Carson National Forest, Questa Ranger District

To: Patricia Leigh Disert, Attorney  
USDA - Office of the General Counsel

(b)(6) Enclosed is a \$4,171.71 tort claim filed by [redacted] for damages sustained to his vehicle when a Forest Service (FS) employee rear ended his vehicle on April 25, 2013, at the intersection of State Highway (SH) 599 and Airport Road in Santa Fe, New Mexico. The Albuquerque Service Center received the claim on June 14, 2013.

(b)(6) **BASIS OF CLAIM:** [redacted] alleges that a FS employee rear ended his vehicle, a 2000 Ford Taurus, and the FS is responsible for the damages to his vehicle. [redacted] has provided two repair estimates, totaling \$1,701.85 and \$4,171.71. (b)(6)

(b)(6) [redacted] provided his vehicle registration as proof of ownership for the vehicle. He did not file a claim with his insurance provider.

**STATEMENT OF FACTS:** On April 25, 2013, at approximately 6:22 p.m., FS employee (b)(6) [redacted] was driving a FS vehicle, a 2007 Dodge truck, on Airport Road in Santa Fe, New Mexico. As (b)(6) [redacted] approached the intersection of SH 599 and Airport Road, there was a white sedan about 2-3 car lengths ahead attempting to merge right onto SH 599. [redacted] states (b)(6) that he took his foot off the gas pedal and lightly pressed on the brakes, assuming the white sedan ahead of him would continue to merge onto SH 599. [redacted] looked over his left shoulder to check for oncoming traffic. He started to brake for an oncoming car when he looked forward and saw the white car was stopped directly ahead of him. He slammed on his brakes but couldn't stop before hitting the rear of the white sedan. The winch mounted on the front bumper of the FS vehicle caused damage to the trunk and rear tail lights. Both vehicles moved to the shoulder where both drivers assessed the damage, exchanged driver information and (b)(6) [redacted] called the local police department. (b)(6)

(b)(6) [redacted] was returning to his duty station from attending a training workshop in Albuquerque, New Mexico. He was authorized to be driving a FS vehicle when the accident occurred.

(b)(6);(b)(7)(C) Santa Fe [redacted] responded and completed an investigation report. (b)(6);(b)(7)(D) [redacted] report states the FS driver was 'following too closely', however, no citations were issued.

(b)(6) [redacted] completed a SF-91, Motor Vehicle Accident Report. His supervisor, (b)(6) [redacted] District Ranger, signed the SF-91 indicating the accident occurred within [redacted] scope of employment. (b)(6)

**FOREST SERVICE RECOMMENDATION:** We believe this claim is cognizable under the Federal Tort Claims Act (FTCA) (28 U.S.C. 1346, 2401, and 2671-2680), and request your review and determination.

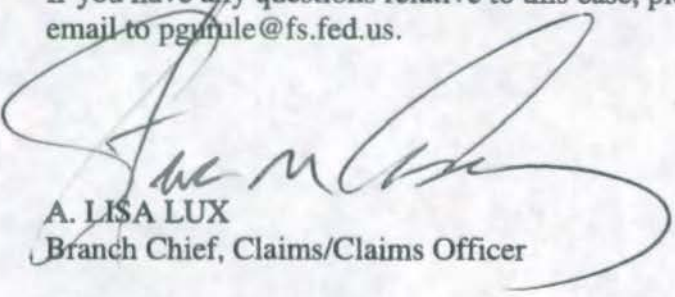

(b)(6) We believe [redacted] violated a FS policy outlined in FSH 6709.11, *Health and Safety Code Handbook*, paragraph 12.34.4, which states, 'Be aware of traffic situations developing far ahead of the vehicle. Use the rearview and side view mirrors often and keep your eyes moving to enlarge the 'big picture'.

(b)(6) [redacted] had a duty to operate the FS vehicle in a safe and prudent manner. By breaching this (b)(6) duty, [redacted] suffered damages. We, therefore, recommend payment of the claim in the reduced amount of \$1,701.85, the lower of the two repair estimates submitted.

No other claims are anticipated in this case, since the claimant did not file a claim with his insurance provider and there were no reported injuries.

If you concur with our recommendation, please sign the enclosed form, FS-6500-215, *Voucher for Payment*, and process through your normal procedures.

If you have any questions relative to this case, please contact Patricia Gurule at 563-7324 or by email to [pgurule@fs.fed.us](mailto:pgurule@fs.fed.us).

| <p>Accident occurred on the stop light intersection of Veterans Memorial Highway (599) and Airport Road Santa Fe, NM. I stopped my car at the "Yield" right turn exit of the intersection and the US Forestry pickup pulled up behind me and it seemed to have stopped. A couple seconds later I was rear-ended by the pickup. It felt like a small bump to me, but because his pickup had a winch on the front, it caused considerable damage to my trunk and rear lights.</p> |  |                                                                                                                                                                                                                                 |                                                                                                                                                           |                                                                                    |                                               |

| <p>Claims presented under Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involved more than one claimant, each claimant should submit a separate claim form.</p> <p style="text-align: center; margin: 10px 0;">Complete all items - Insert the word <b>NONE</b> where applicable.</p> <div style="display: flex;"> <div style="width: 45%; padding-right: 10px;"> <p>A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY.</p> <p>Failure to completely execute this form to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.</p> <p>If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.</p> <p>The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory for the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.</p> <p>If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item #12 of this form.</p> </div> <div style="width: 55%;"> <p>DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO OCCURRED BY REASON OF THE INCIDENT THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.</p> <p>The amount claimed should be substantiated by competent evidence as follows:</p> <p>(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.</p> <p>(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.</p> <p>(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damage, or by two or more competitive bidders, and should be certified as being just and correct.</p> <p>(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.</p> </div> </div> |                                                                                                                                                                                                                                                                                                                                                                                                             |

52. DESCRIBE WHAT HAPPENED (Refer to vehicles as "Fed", "2", "3", etc. Please include information on posted speed limit, approximate speed of the vehicles, road conditions, weather conditions, driver visibility, condition of accident vehicles, traffic controls (warning light, stop signal, etc.) condition of light (daylight, dusk, night, dawn, artificial light, etc.), and driver actions (looking U-turn, passing, stopped in traffic, etc.).

I was in the yield lane turning from Airport Road onto SH599 bypass heading north. A white sedan was 2-3 car lengths ahead doing the same. When I entered the yield lane I took my foot off the gas and lightly pressed on the brake to slow to a safe speed in preparation to merge onto SH599. I looked ahead & saw no brake lights & assumed the white car ahead of me was preparing to merge since it was at the end of the yield lane. I then looked over my left shoulder to check for traffic on SH599. I saw an oncoming car and prepared to brake. When I looked forward I saw the white car had stopped and that I had less than 1/4 car length to stop. I slammed the brakes but still hit the rear of the white car. My car came to an immediate stop, the white car did not move. Both vehicles (under their own power) then drove out of the yield lane onto the shoulder of SH599 where I parked behind the white car. I put on my flashers to warn other traffic and got out to see if the other driver was okay. The other driver got out to survey the damage to his car. As he looked at the damage to his car he stated "Wow, I thought you barely hit my bumper; the amount of damage is surprising. I barely felt the impact." He then stated he was alright. Both he and I took photos of the damage on our cell phones and exchanged contact information.

I then called the Santa Fe Police Department to advise of the accident and that I needed an accident report. It took 30 to 45 minutes for a Santa Fe Police Officer (b)(6);(b)(7)(C) to arrive. We each gave driver's license/contact information to the Officer. The Officer took respective statements, went to his vehicle to write a report, came back after 10 minutes and then handed me back my Driver's license and

FS Vehicle 5879 accident description  
Attachement for accident report Section IV- Item #52.

**Accident Statement:**

I was in the yield lane turning from Airport Road onto SH599 bypass heading north. A white sedan was 2-3 car lengths ahead doing the same. When I entered the yield lane I took my foot off the gas and lightly pressed on the brake to slow to a safe speed in preparation to merge onto SH599. I looked ahead & saw no brake lights & assumed the white car ahead of me was preparing to merge since it was at the end of the yield lane. I then looked over my left shoulder to check for traffic on SH599. I saw an oncoming car and prepared to brake. When I looked forward I saw the white car had stopped and that I had less than 1/2 car length to stop. I slammed the brakes but still hit the rear of the white car. My car came to an immediate stop, the white car did not move. Both vehicles (under their own power) then drove out of the yield lane onto the shoulder of SH599 where I parked behind the white car. I put on my flashers to warn other traffic and got out to see if the other driver was okay. The other driver got out to survey the damage to his car. As he looked at the damage to his car he stated "Wow, I thought you barely hit my bumper; the amount of damage is surprising. I barely felt the impact." He then stated he was alright. Both he and I took photos of the damage on our cell phones and exchanged contact information.

(b)(6);(b)(7)(C)

I then called the Santa Fe Police Department to advise of the accident and that I needed an accident report. It took 30 to 45 minutes for a Santa Fe Police Officer [redacted] to arrive. We each gave driver's license/contact information to the Officer. The Officer took respective statements, went to his vehicle to write a report, came back after 10 minutes and then handed me back my Driver's license and stated he had to go on another emergency call, that he would submit a report later and that the report should be ready within 7 days. The Officer then handed other paperwork (pink and yellow pre-printed forms) to the other driver which I did not receive. I did not receive a ticket for the accident. I and the other driver then left the scene of the accident for our respective destinations.

**NOTE(s):**

- There are no known witnesses to this accident.
- To date (05/20/2013) I have not received any notice of a traffic violation for this accident.
- I have called Santa Fe Police Dept. "Records" section (505)955-5751 on the following dates and still have not been able to retain a copy of the police report.
  - o 04/29: Clerk stated report had not been filed by the officer yet. The clerk stated the city case number for this accident is #0113005494.
  - o 05/15: Clerk stated report had not been filed by the officer yet. Clerk gave me the Officer's ph and told me to lv ph msg for officer requesting he complete the report of the accident. I did so on this date.
  - o 05/20: Accident has not been reported to records. Clerk (Christine) stated the officer gave a "Crash Report" to the other party which is typical for accidents and may explain why there is no formal accident report on file. This information is given by the officer to folks in crashes so they can forward a copy to make insurance claims. Clerk stated she would send email to [redacted] to find out status of formal report. I will call tomorrow to find out response. Christine is a supervisor in the "Records Office" at (505)955-5759.

| Vehicle 1 (V1) and Vehicle 2 (V2) were both traveling west on Airport Road. V2 was following V1. V1 stopped for traffic traveling north on NM 599. V2 did not stop and rear ended V1. No injuries were reported by either driver. Driver of V2 provided a statement and a crash report that he completed for his employers. Both are included with this report. I could not reach driver of V1 at time of this report. Should any additional information arise a supplemental report will be completed. (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

11. Monitor vehicle performance when driving. Inspect a vehicle after use. Correct or report problems before a vehicle is used again.

12.34 - While Driving.

1. ***Always wear your safety belt(s).*** The vehicle operator shall ensure passengers also wear safety belts. If two types of restraint are available, use both.

2. Honor the right-of-way of pedestrians.

3. ***To prevent accidents, make concessions to other drivers who are thoughtless, unskilled, or ignorant of the hazards they create. Drive defensively and yield the right-of-way even when by all rules of the road it is yours.***

4. Be aware of traffic situations developing far ahead of the vehicle. Use the rearview and sideview mirrors often and keep your eyes moving to enlarge the "big picture."

5. ***Drive to avoid accident situations created by the mistakes of others or by weather and road conditions.***

6. Do not compromise your safety, the safety of your passengers, or public safety when driving. The following are prohibited:

a. Engaging in distracting conversation or activities.

b. ***Eating or drinking.***

c. Using a two-way radio.

d. Using a hand-held cellular telephone.

e. Using radio/stereo headphones.

f. Taking prescription drugs that may cause dizziness or lack of concentration or reduce response time.

g. Reading maps, instructions, or other material.

h. Transporting pets. Transporting pets in Government vehicles generally is not allowed. Transporting pets shall be addressed on a case-by-case basis and documented in the job hazard analysis.

RETURN RECEIPT REQUESTED

JUN 18 2013

(b)(6)  
(b)(6)  
Dear [redacted]

We are in receipt of your Standard Form 95, Claim for Damage, Injury, or Death, dated June 14, 2013.

As an agency, the Forest Service does not have authority to settle tort claims and is required to refer them to the USDA Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we are requesting the following additional documentation and/or information:

1. As you will see in the Instructions on the reverse side of the Standard Form 95, failure to specify claimed money damages in a sum certain will result in an invalid presentation of your claim and may result in forfeiture of your rights. Please complete Block 12a-d on the front of the form by indicating the exact and total dollar amount you are claiming.
2. A claim for property damage or loss may be presented by the owner of the property, a duly authorized agent, or legal representative. Please provide proof of ownership for the damaged vehicle, i.e. title or registration. Also, each individual listed on the title or registration must sign the claim form as well.
3. The Federal Torts Claims Act (FTCA) requires that an agency receive "proper notification" of a claim to include a description of the incident giving rise to the claim in sufficient detail to allow the agency to identify and investigate it. Please provide the name of the FS driver involved in this incident if known.
4. Color copies of any photos of the damage and two separate repair estimates to support any claim for property damage.
5. Any other evidence or information which may have a bearing on either the responsibility of the United States or the damages claimed to include any investigative reports prepared surrounding the incident.

Upon receipt of the requested documentation, your claim will be processed and transmitted to the OGC for review and determination. Please be advised that the OGC cannot approve payment for claimed damages that are insufficiently documented. Please be further advised your submission does not meet the requirements for filing a claim under the FTCA, and the two-year statute of limitations will continue to run until the defects identified above are corrected.

Please send the requested information to the attention of Steven Casey at the address listed above.

If you have any questions, please feel free to contact Steven Casey at (505) 563-7312.

Sincerely,

A. LISA LUX  
Branch Chief, Claims/Claims Officer
